Dear Bill:

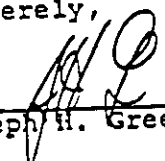

Re: Dr. Thomas F. Mancuso

This will acknowledge receipt of your letter of September 19, 1975 which was addressed to Mr. Haas and has been referred to me for reply.

We certainly appreciate the work of Dr. Mancuso and recognize his help to the industry. However, as I have recently advised you, this Company at the present time does not intend to enter into special projects which are sponsored by CTR.

I appreciate receiving a copy of your letter and Dr. Mancuso's report, and should you receive additional requests of a similar nature, please do not hesitate to forward such to us and we will give each one consideration.

Sincerely,
